

## RENO QRP GROUP SLOW SPEED CW QRP NET REPORT

Hi all

Attached is the log of our last slow speed NET April 6, 2023

The NET was held from Hidden Valley the weather was sunny air calm with temp about 40 F. NET started on time at 10:00 am on 7.045 MHZ. The noise level was S4 SFI 137 A index 11 K index 3 Xray C1.1

There were 4 check ins. Mike WA6ARA, Bob KA6NSN, Kirk KB7QOD, Van W7IEX.

First up was Mike from Ridgecrest, CA good strong signal at 599 using his KX3 at only 10 watts into his 80 Doublet. Mike had been I/O for the last two sessions it was good to hear his report.

Next was Bob from Quincy, CA Bob was also strong he was 599 to me. He said that the weather was partly cloudy with a temp at 44 degrees F, he also mentioned that the snow was melting away.

I called Kirk but he didn't return for his report.

Van was next he was 599 + 10 over from his home in south Reno using his FT DX 3K at 10 watt he remarked that the weather was beautiful with temp at 40 F.

At last comments Mike noted that I have a steady 579 and Van was the same. Bob was at 449.

**RENO QRP GROUP SLOW SPEED CW QRP NET REPORT**

Hi all

Attached is the log of our last slow speed NET April 27, 2023

The NET was held form Hidden Valley the weather was sunny calm temp about 60F.  
NET started on time at 10:00 am on 7.045 MHZ. The noise level was S2.5 SFI 137 A  
index 15 K index 3 Xray A0.0

There were 7 check ins Van W7IEX, Woody K1LB, Rob KA6JLT, Kirk KB7QOB, Paul  
N6ILJ, Roy W7HJL, and Phil AB7WE. Kirk and Rob were I/O

First up was Van from his home in south Reno, NV using his FT DX 3K at 10 watts into  
his vertical reported the weather sunny temp about 60F.

Then Woody gave his report from his location in the field at Whites Creek Trail Head Using his IC 7300 at 10 watts he was 599 to me He reported that the WX was great 65 F. a good day for the field.

Then for the first time to check in was Paul from Redlands, CA his RST to me was 559 and he reported my RST as 559. There was some QSB but I copied him 100%. He was using his FT 857 at 10 wats with a vertical loop antenna. I welcomed him to the NET and was very glad he gave a good report, hope he checks in again.

At last call Roy from Walla Walla, WA he checked in with his K3 at 15 wats into his vertical. Roy was 559 to me. His Weather was a beautiful day with temp at 63 degrees F.

Last to report was Phil from his home in Northwest Reno, NV, He was using his IC 7300 at 10 watts into his end fed inverted "L" up 20 ft he reported the weather sunny and calm with temp at 70 F. Phil gave RST for all before QRT.

The NET was closed at 10:37 AM

**The next NET will be May 11, 2023, starting at 10:00 AM**

Hope to hear you all again. 73/72 Ed/WD7Y
