

## RENO QRP GROUP SLOW SPEED CW QRP NET REPORT

Hi all;

Attached is the log of our last slow speed NET October 5, 2023 is attached.

The NET was held from Hidden Valley the weather was sunny air calm Very nice day. NET started on time at 10:00 am on 7.045 MHZ. The noise level at set up was high S5+ SFI 155 A index 10 index 3 Xray B9.3

There was a total of 7 QNI today Roy W7HJL, Derek W7DLZ, Woody K1LB, Rob KA6JLT, Bob KA6NSN, Mike WA6ARA, and at last call Joe KM6HJP.

First up was Roy from Walla Walla WA. there was a lot of noise, but I copied Roy at 579. Roy gave a weather report along with the regular info.

Next was Derek from Lemmon Valley just north of Reno. His signal was 599 to me using his FT DX at 10 watts, Derek included the weather also.

Then it was Woody's turn he was operating in the field at Huffaker Trail Head near Reno, NV. Using his IC 7300 at 10 watts he was 599. Woody was enjoying the weather at 65 degrees F a fine day in the field.

Rob reported from home using his IC 762 running at 10 watts into his indoor antenna end fed on the ceiling. Rob always had a fine signal he also said the weather was chilly.

Bob from Quincy, CA was next to report he mentioned the weather was cooler temp at 65 degrees F. Bob was using his FT 747 at 10 watts to his COBRA antenna up 20 ft.

Mike from Ridgecrest was next to report his weather temp was 85 degrees F and it was clear and calm. Mike uses the KX# at 10 watts to at 80 MTR Doublet using a Z match, mine was 579 here.

Last to report was Joe from Doyle CA using his IC 7300 at 10 watts. Joe's RST was 599 but there was QSB and some QRM on him also.

**The next NET will be Oct. 19, 2023, starting at 10:00 AM**

Hope to hear you all again. 73/72 Ed/WD7Y

## **RENO QRP GROUP SLOW SPEED CW QRP NET REPORT**

Hi all;

Attached is the log of our last slow speed NET October 19, 2023 is attached.

The NET was held form Hidden Valley the weather was sunny air calm Very nice day. NET started on time at 10:00 am on 7.045 MHZ. The noise level at set up was S3 but increased as the day continued. SFI 135 A index 9 index 2 Xray C2.1

There was a total of 4 QNI today Mike WA6ARA, Woody K1LB, Craig AE7I, and Phil AB7WE.

First up was from Mike in Ridgecrest, CA using his KX3 at 10 watts into his 80 MTR Doublet was perfect copy to me his RST 599. He reported the weather was a veery fine day temp at 82 deg F.

Woody was in the field on a SOTA peak W7N/WC 111 very close to me on Rattle Snake Hill we both reported RST at 599. Woody

was using his KX2 at 10 watts Just after his last SOTA the KX2 had given him some trouble, sounds very good today.

Craig was loud and clear to today at 599 from his home in Reno in the Juniper Hills, using his K@ at ten watts into his dipole at 30 ft.

Last was Phil he was 589 to me from his home in NW Reno using his ICOM 7300 at ten watts into his inverted "L" Phil gave RST for all in the NET today.

**The next NET will be Nov. 2, 2023, starting at 11:00 AM**

**STARTING TIME IN NOVEMBER IS NOW 11:00 AM**

Hope to hear you all again. 73/72 Ed/WD7Y
