

RENO QRP GROUP SLOW SPEED CW QRP NET REPORT

Hi all;

The log of our last slow speed NET December 14,2023 is attached.

The NET was held form Hidden Valley The weather was high cloudy, calm, and cold. NET started on time at 11:00 am on 7.045 MHZ. The noise level was S4. To S5. The SFI 135 A index 8 index 3 Xray C4.2.

There was 5 QNI today Mke WA6ARA, Craig AE7I, Phil AB7WE, Joe KM6HJP, Bob KA6NSN.

First up was Mike giving a fine report with his KX3 at 10 watts into his 80 MTR Doublet he was 599 to me from Ridgecrest, CA.

Next up Craig giving a good report from his home in Reno. He was using his K2 at 10 watts into his 70 ft wire at 15 ft seeing how it worked. He then switched his antenna to a Stepper antenna to compare the two.

Then it was Phil's turn giving a good report using his IC 7300 at 10 watts into his inverted "L" he was 599 to me. Phil gave RST for Mike and Craig along with the weather.

Joe form Doyle, CA was next his signal was from 559 to into the mud I think he had a loose connection in his antenna.

Bob was last to report from his home in Quincy, CA he was using his Kenwood TS 6520 S at 10 watts into a LW up 30 ft his signal was from 569 to 589.

RENO QRP GROUP SLOW SPEED CW QRP NET REPORT

Hi all;

The log of our last slow speed NET December 12/28/2023 is attached.

The NET was held form Hidden Valley The weather was sunny and air calm nice day for the field. NET started on time at 11:00 am on 7.045 MHZ. The noise level was S3 to 4. The SFI 149 A index 4 K index 0 Xray B9.1

There was 5 QNI today Joe KM6HJP, Bob KA6NSN, Woody K1LB, at last call Craig AE7I, and Paul N6ILJ.

First up was Joe from Doyle, CA he had a much better signal this time at 599. He was using his IC 7300 at 10 watts into his inverted "L". At the end of his report, he wished us all a happy New Year.

Next up was Bob from Quincy his RST was 599 in his report he noted the weather was light rain with a temp about 44 deg F. Bob was using his Yaesu 747 at 10 watts into his COBRA ant at 20 ft high.

Woody QNI in the field on our last session for this year. He was at Hufaker Trail Head using his IC 7300 into his end fed ant. Woody

reported that the weather was sunny and warm about 50 f, he then said happy new year to all.

After last call

Craig checked in from his back yard in the field using his K1 at 5 watts into his Chelegance Vertical. He was happy with the antenna since we were both 599 it was his first QSO using it.

Last to check in was Paul from Readlands, CA He was very weak and so was I he gave me a 229 the QSO was hampered with QSB but he got some of his report using his QRP rig at 5 watts. I am always happy to hear him.
